For your Vanuatu fishing days, we've got the gear side covered. Our 32ft Edgewater 32 Centre consoles are fully rigged with quality PENN rod-and-reel setups to suit different styles and experience levels (from lighter inshore casting through to heavier popping and jigging when we need stopping power on GTs, dogtooth and yellowfin). You're welcome to bring your favourite combo if you like, but most anglers are stoked to fish our reliable onboard gear—just note that if any gear is lost or damaged, replacements are at the guest's cost (breakages are rare and replacements are affordable).
